MEMORANDUM FOR: EPS/LG

VIA: Chief, Liaison Division/OLL *R*

FROM: [REDACTED] OLL, Liaison Division

25X1

SUBJECT: House Appropriations Surveys and Investigations Staff (HAC S&I) Team Request re Terrorist Incidents Against Armored Cars

1. Background: Back in June the Office of Security briefed two members of the HAC S&I team, Lisa Grob and Richard Meeks, regarding the methods and procedures in which our Agency prepares our armored vehicles. The HAC S&I Team is doing a survey of all government agencies regarding this subject.

2. During the course of the briefing questions arose regarding threat assessments against such vehicles, number of attacks overall, type of weapons used; has there been an increase world-wide, etc. [REDACTED] informed the two staffers that he does not get involved in that area. Ms. Grob asked the undersigned if she would go back to Headquarters and inquire if there was a chart or paper that would show any events of terrorism against the vehicles, going back for five years. I put the request in through PCS/DDO and my reply back to the HAC S&I Team was that the Agency had no such file or chart.

25X1

3. Action: Today I received a phone call from Ms. Grob informing me that she had been told by the Defense Intelligence Agency that indeed the Agency does have such a file and it is called the [REDACTED] which lists terrorism events against armored vehicles by the year, and would I please call the appropriate office and obtain the charts or paper that would answer her inquiries. At the earlier briefing she indicated that she wanted this for a paper she was preparing at the Confidential level.

25X1

4. Would you please task the appropriate office to see if indeed there is such a file, and if so, can any of the material be released to Ms. Grob? I need to respond to Ms. Grob as soon as possible.
